## Student 2 Student

### 69...and God added daily to their number those being saved...

What would happen if students joined together in concerted prayer and unified witness, trusting God for the privilege of leading at least one other person to Christ this school term? **This is the vision of Student2Student.**

Student2Student is a new evangelistic initiative developed by Campus Crusade that got jump started this semester on January, 1 2005. The Student2Student initiative is based on prayer, that God will work in the lives of students. Students all over the country are taking the initiative and committing to praying and stepping out in faith to trust God for the privilege of leading at least one other person to Christ this semester. This is not just taking place on one campus. Students are getting involved all over the country and I believe that this initiative will stretch all over the globe one day.

Student2Student is being ignited through a website

[www.campuscrusadeforchrist.com/student2student](http://www.campuscrusadeforchrist.com/student2student).

If you log on to Student2Student you will see what I mean. On the site students can be inspired through live audio talks on the importance of evangelism and reaching out to those that do not know Jesus. Students can view live video where they can be trained on how to share their faith through any method, in any circumstance. Also on the website are the tools that students can get to share Christ with anyone. What about a plan? When a student is wondering... "How do I do this?" the website is a great reference for that too. Beginning with prayer and relying on God, Student2Student is accomplished.

STUDENT

That is not the greatest thing about Student2Student. One of the coolest things is the community that has grown and flourished through this initiative. As students see God work in their lives they can share that with others on the website and read what God is doing across the nation. Student2Student is not just a website...it is an email community. By joining the email list anyone can see how Student2Student is being carried out as well as what God is doing through students.

Remember that number **69** I mentioned before...That is how many brothers and sisters have been added to the kingdom this semester (in 2 months) through Student2Student. That number continues to increase every day. **Praise God!**

In a world filled with every kind of technology to accomplish anything and gratify every pleasure, **God is using it to connect His people and to accomplish His work and His plan.**

**This is all to say that Student2Student is really a community, connected together through technology, that is being used for the Glory of God. As students are inspired, trained, and given the tools to share Christ with everyone they encounter, we will reach the college campus and the world for Christ.**

Why do I share this with you in our letter. Because this is the very thing that I am passionate about. Although I was not on the team that developed Student2Student, I hope to be on the next team to develop the tools our students and staff will use on campus and around the world to reach people for Christ and accomplish His work.

Thank you so much for your support and partnership with our ministry. We pray that you feel as much a part of the ministry of Campus Crusade for Christ as we do. If you want to check out more about student to student go to the website <http://www.campuscrusadeforchrist.com/student2student/>. You can also join the email list and get a first hand look at what students across the country are accomplishing through God at work.

In HIM,

*Ryan Ruckel*

please  
**Pray**

> That Student2Student will continue to be effective and God would continue to work through students.

> That we would continue to strive towards the goal of our support with an urgency and need to arrive in Indianapolis.

> That God would continue to lead us to the people He wants to complete our support.
